

# **REEF VIEW EDUCATION CENTER**

## **San Pedro Town**

### **Ambergris Caye, Belize**

Reef View Education Center was created in 2012 due to the work by Minnesota State University Mankato. They, along with other universities and groups, are committed to bringing students and faculty to Belize to develop educational, counseling and special needs programs that assist the schools, parents and children in Belize.

We can assist you in creating a Service Abroad experience for your group. We will arrange lodging, local transportation and activities. We will also connect you to the existing service projects being implemented in the San Pedro community and fit your expertise with the current needs of the schools.

- Cancelling 31-49 days prior to arrival – 50% refund
- Cancelling 30 days or less prior to arrival- No refund

*Comment from Harry Kramp at MSU: Our School Psychology doctoral program has been sending students to San Pedro for 4 years to provide assessments of students in a few of the schools. They have been at Holy Cross and the RC School, but have been slowly expanding to other schools. I took a group of faculty from Audiology, Communication Disorders, Special Education and School Social Work in early January to meet with Principals at Holy Cross, RC, Island Academy and ABC Preschool. This is the first year we have expanded beyond the School Psych program, so much of this is new to us but we look forward to a long lasting relationship in San Pedro and perhaps Belize as a whole. Just to let you know, the Education Center is a wonderful space that has plenty of opportunity. The "dorm" rooms at Reef View are absolutely beautiful and will meet the needs of the students. I stayed in one of the rooms in January and was extremely pleased with the location, space and amenities.*
